**UK MNT Network** *Collaborating for the Future*

## **Industrially driven UK MNT**

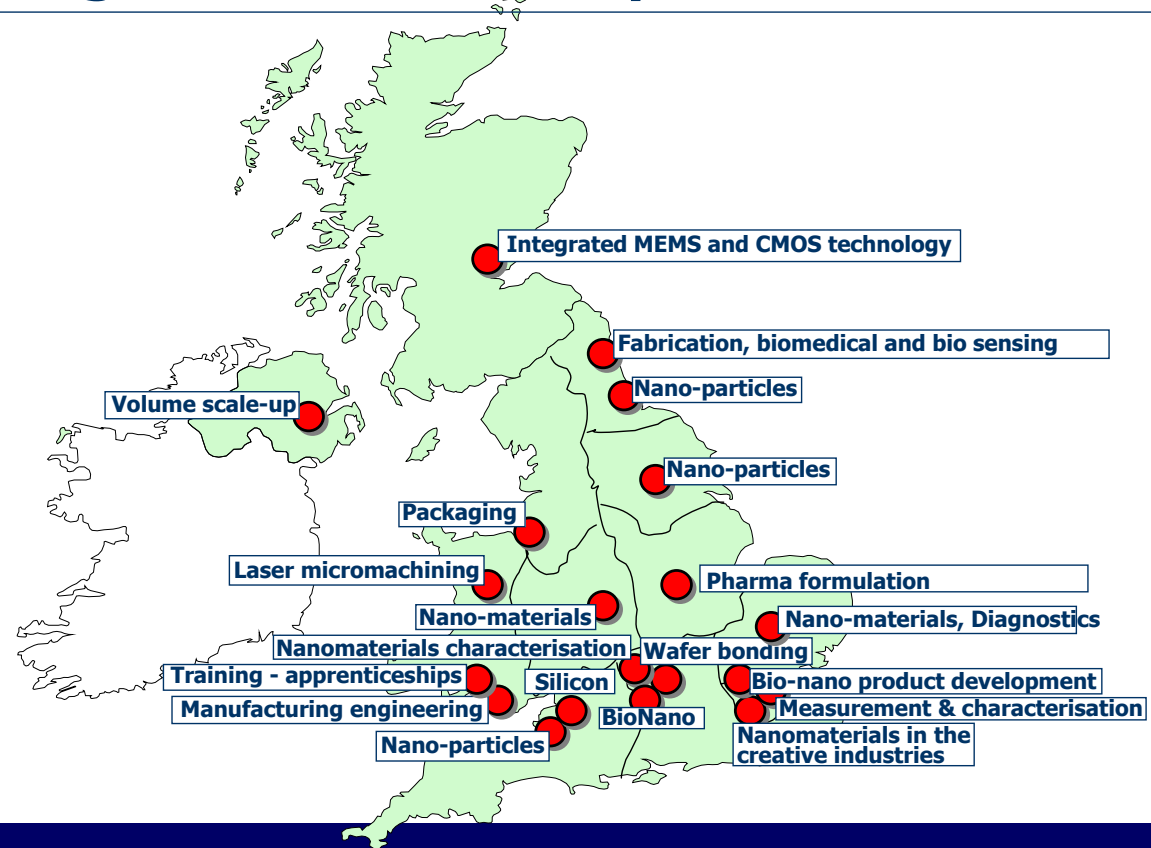

---

- MNT applications are diverse, UK strategy to focus on areas of core expertise
  - BioNanoTechnology & NanoMedicine
  - Nanomaterials
    - Nanoelectronics
- Design and Packaging is pivotal
  - Underpinning MNT activity
  - Critical for commercial outlook
  - Early understanding of packaging technical and cost implications for product development
- UK facilities and open access nodes
  - Initial funding focus

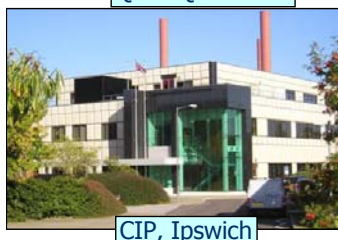

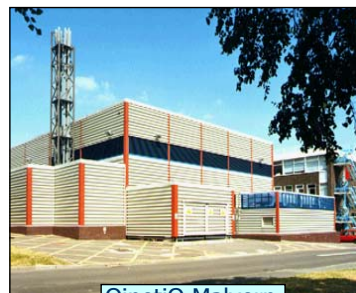

**UK MNT Network** *Collaborating for the Future*

## Building MNT Network – Open Access Nodes

**The Director of UK MNT Network - Hugh Clare**  
Welcome to the MNT Forum. The Forum is a web-based platform providing access to the latest information and news in the micro and nanotechnology sector. Forum is also a communication tool, allowing discussions, lectures and meetings to be performed whilst online. [More>>>](#)

**Other MNT Websites**

- MNT Network
- MNT Directory
- MNT Collaborative R & D
- DTI Technology Programme

**Forum Resources**

<b>MNT Communities</b> Developing communities and underpinning infrastructure in key technology areas.	<b>Regional Activities</b> Local MNT Guidance for business to link up with companies in your area.
<b>Collaboration Service</b> Extranet collaboration server <b>Coming Soon!</b>	<b>Conference Centre</b> Electronic meeting place where business can communicate quickly and easily.
<b>MNT UK</b> Comprehensive database of links and information.	<b>Patent Search News Desk</b> Fully featured named news and patent searches provided.
<b>MNT Network</b> Information regarding the development of a credible UK open access network.	<b>International Activities</b> Foreign Office reports on country activities.

**Breaking News**

- Don't forget to update your profile on the MNT Directory
- **1st Collaborative R & D awards announced**
- **Visit the DTI Technology Programme web site**
- **Health and Safety advice from HSE on nanotechnology**
- Strategic roadmapping sessions underway
- **Presentations from the MNT Tradeshows**

**Latest News**

- **Current UK Strategy for Nanotechnology**
- **The Innovation Report**
- **European Commission Nanotechnology Strategy**
